GENERAL DISCLAIMER

The Glass Guru of Sheboygan WI ("Franchisee") is independently owned and operated.

Please contact Franchisee directly for warranty claims or service.

Unless otherwise stated, Franchisee offers a one year workmanship warranty on installations performed by Franchisee employees or contractors. Additional warranties may be offered by the product manufacturer and may be provided upon request.

To protect your property, we encourage you to remove window coverings, furniture, wall hangings and other personal belongings from areas leading to, and immediately surrounding, where work will be performed. Franchisee will not be responsible for damage to personal property that has not been removed from these areas. To ensure proper scheduling of your service, please advise our office if you will require assistance with removal and replacement of these items when placing your order. Depending on the amount of additional employee time required, there may be an additional charge for this service.

In some cases, a window's trim (glazing bead/stop) or other components may have become weak and/or brittle due to exposure, or may be overly adhered to the window glass or frame. While we take great care in the removal and replacement of these parts, damage may be unavoidable. Unless otherwise indicated on this quote, the replacement of these parts is not included. If replacement is required, Franchisee will supply the replacement parts for an additional cost. Exact match parts may or may not be available.

MOISTURE REMOVAL SERVICE DISCLAIMER *(For all Foggy Window Repair estimates):*

The Glass Guru® Moisture Removal System cannot be applied to glass units or doors made with tempered glass. While less than 1% of tempered glass is not marked, as it is required by law to be marked, Franchisee takes every reasonable precaution to identify tempered glass units prior to service. Franchisee is not responsible for the rare breakage of unmarked tempered glass.

*Please allow twelve (12) weeks for glass unit(s) to fully dry after The Glass Guru Moisture Removal System is installed. The System is warranted for 10 years.

SCRATCH & STAIN REMOVAL DISCLAIMER *(For all Scratch Removal or Water Stain Removal estimates):*

Glass units quoted for scratch and/or stain removal are damaged to the point that the damage cannot be adequately removed with conventional cleaning products or methods. Franchisee utilizes advanced restoration products and methods to restore glass and there is no guarantee that Franchisee will be able to restore the glass to like new condition. In some cases, despite our best attempts, the glass may appear worse. I also understand that there is a possibility of minor to severe distortion of the glass and sometimes even breakage.

Understanding these risks, I hereby authorize Franchisee to attempt to restore the damaged glass quoted. I agree not to make any claim against Franchisee and indemnify Franchisee from any liability arising from or in connection with the restoration of the glass units.

SHOWER ENCLOSURES DISCLAIMER:

Installation of shower enclosures generally require holes to be drilled through tile and/or stone surface for proper fastening. Franchisee will not be liable for cracking, chipping, or breakage of these materials that may occur during, or after, the installation process. The strength of these materials (e.g. tile, stone, etc.) are largely determined by type of material, degree of adhesion to the substrate material, and the existence of naturally and/or unnaturally occurring fissures in the materials. Additionally, Franchisee is not responsible for stains or discoloring that may be visible on tile, stone, or other surface(s) before or after removal of existing shower enclosures.
